Dear Jim: This has been an afternoon of intermindable interruptions so my explanation of the attached letter to Lifton is brief. My purposes have to do with Wakeford-Orloff, for whom he was ripping off my work, the lack of success in which seems to have led to their suing each other; and with, more remotely, what Freed seems to be up to. I'm needling Lifton slim as is the hope that it will inspire him to indiscretion. HE 7/22/75
